Dear Parents/Carers,

Parking Notice
We have been contacted by a number of local residents concerned about parents parking over drives, across garage entrances and on the corners of roads. Please be considerate of our neighbours when you drive to school and try to park in as safe and sensible a manner as possible.

Stolen Bikes
Last summer we had 18 bikes stolen from the school premises. This was a devastating blow to the school as the children loved using the bikes after school and at half-terms to learn how to ride safely. The Newham Recorder ran an article publicising our loss and this was seen by Pro Bike Service C.I.C. and Councillor Joy Laguda MBE. Pro Bike Service kindly donated 18 repaired and serviced bikes that had been gifted to them by members of the public. On Wednesday Councillor Laguda visited us to donate a cheque from a collection she started with other councillors. We want to say a huge thank you to both for their generosity, kindness and community spirit. We are truly humbled by their actions.

Power of One Assemblies
This week at Brampton we have had some very special visitors who taught us about the power each of us has to deal with bullying in school. They showed us different examples of bullying as well as the role of the bully, the target and the bystanders who do not stop bullying when they see it. We were shown how we can all become up standers who stop bullying, support people who are being bullied and ask for help from our teachers when we see bullying at school. At the end of the show, we all pledged to never bully others, to never ignore bullying and to always tell our teachers when we notice bullying happening. We are all looking forward to signing our names on our pledge boards that will be displayed around school as these will remind us of the promise we have made to ourselves and others at Brampton.

Have a wonderful weekend
Mr Reid

Big Talk Home Learning
If children can’t say it then children can’t write it.

Dear All,

This weekend’s BTHL 9th / 10th / 11th November
Sunday is Remembrance Sunday and Armistice Day (the anniversary of the end of World War I). At 11 o’clock, people around the country are silent for two minutes as they remember the people who have died in wars and the people who are still affected by war today.

Why it important to complete an act of remembrance?
In English this half term, the children have begun developing their descriptive writing following on from some fantastic work on figurative language. They have begun reading *The Velveteen Rabbit* by Margery Williams and this will inspire further writing about time travel, in preparation for the Andrew Lane competition. The children have also been working hard to learn and apply their weekly spellings across all writing.

In the Wider Curriculum, Year 3 have ventured back in time to learn about Britain’s earliest settlers.

Having enjoyed finding out about dinosaurs, their fossils and tectonic activity, the children have enjoyed exploring what everyday life was like for Stone Age Britons. This included handling and making observations of Stone Age artefacts, and exploring the issues facing the earliest settlers in Britain such as, finding suitable shelter, locating a water source and food, and making simple tools to hunt. The children have also made observations of a typical shelter and produced some excellent sketches during their art lessons, using sketching techniques like hatching.

Mathematics learning this half term focused on multiplication, division and length. The children have begun learning and rehearsing their 4 and 8 times tables. They will continue to explore the link between these times tables, looking for patterns and using a range of strategies to help them solve calculations and word problems. Later in the term, we will explore length, making use of our school environment to develop understanding of this measurement. The children have also continued to enjoy the opportunity to broaden their understanding of maths by regularly tackling challenges to develop their ability to explain their understanding of key concepts.

Our learning in science is about light and shadows. The children are learning about light and dark, reflective surfaces and making shadows. They will design a school bag with retroreflective material to be worn in winter months when it is dark. They will also explored how UV light affects our skin and the importance of sun safety.

To round off all of this wonderful learning this term, the Year 3 children will visit the Museum of London, to consolidate their learning about Britain’s earliest settlers.

**Birthdays**

This week we celebrated...

Zakifa, Abdalla & Sterling
Well done to Wales class who have the highest attendance of 100%! I have highlighted Cuba AM & Dominica PM class whose attendance has been far too low.

All student’s attendance is expected to be maintained at 100% and anything below 96% is unacceptable.

Please remember to send your child to school every day.

School Matters!

Attend Today, Achieve Tomorrow

Next week is Attendance Week at Brampton Primary School. SAM (our School Attendance Mascot) is visiting school on Monday to hand out certificates to the children across the school who managed 100% attendance last half-term.
## Remembrance Sunday

Remembrance Sunday is a memorial day held each year on the Sunday nearest to Armistice Day to commemorate all those who died for their country since the end of World War One. This year marks the centenary of the end of that war.

On Sunday 11 November, members of Newham Council and the Royal British Legion will join Newham residents to reflect on the sacrifices made by men and women from our armed services in conflicts past and present.

Five services are taking place across the borough on Remembrance Sunday.

Residents are welcome to attend any of the commemorative events:

- **East Ham Cenotaph, Central Park, High Street South, E6**
  Members of the Royal British Legion will parade from High Street South to Central Park at 10:30 am where the ceremony is scheduled to take place at the Cenotaph at 10:55 am. The service will be led by Reverend Fred Ashford-Okai and will be attended by Deputy Mayor Clr Charlene McLean and Clr Terence Paul.

## Menu - Week 3
