

Barney Bear Task 2

Dear Cuba Class,

Would you like to practise your counting? Here are a few games for you to try over the next week.

Egg Hunt

Draw and decorate 10 egg shapes.

Cut them out.

Ask an adult or older brother or sister to hide them for you (no peeking!).

Can you find all the eggs? Don't forget to count them to make sure you have found them all!

Sock Target Practice

1. Find 10 pairs of socks.
2. Fold the socks into a ball.
3. Find 3 bowls or saucepans.
4. Throw the socks into the saucepans or bowls.
5. Count how many socks you managed to get into the bowls or saucepans.
6. Challenge your family and record who gets the highest score.

Hint: to make the game more interesting find different size containers or place the containers at different distances away from you.

Keep Fit Counting

Make an exercise circuit

1. Jog on the spot for the count of ten.
2. 10 jumping jacks.
3. 10 leg kicks.
4. Jump on the spot 10 times.
5. Stretch to the sky and down to the ground 10 times.
6. Wiggle your hips 10 times.
7. Jump from side to side 10 times.

Don't forget to count as you train.

Have fun!
