

Superworm Activities

Peg Butterfly

You will need:

- Paper
- Peg
- Pipe cleaner (optional)
- Pens/pencils

1. Decorate the paper with colour patterns.
2. Fold the paper back and forth to make a concertina pattern.
3. Fold the concertina in half to find the middle.
4. Place the peg in the middle.
5. Make antennae from a pipe clear or paper.

Wow a beautiful butterfly!

Spider Puppet

You will need:

- Paper plate or cardboard from a cereal packet
- Paint/pens/pencils
- Scissors
- Glue/ sellotape

1. Cut a circle from the card or paper plate.
2. Decorate the card/plate and add eyes etc.
3. Ask an adult to cut out 4 small circles at the bottom of your plate or card (big enough and close enough for your fingers).
4. Make 4 more extra legs and stick them on your card/plate

Now you have a scary spider pet!

Colourful caterpillar:

You will need:

- Paper
- Glue
- Scissors
- Pen/pencil

1. Cut strips of paper long enough to bend into a cylinder shape.
2. Stick your cylinders together.
3. Make some antenna from small strips of paper – try curling them around a pencil. Why not try and make a pattern with different coloured cylinders?

Minibeast Bonanza

Try making different mini beasts from recycled boxes from your home.

For example:

- Egg boxes to make a bubble bee.
- Toilet roll to make a dragonfly.
- Threading pasta to make a Superworm.
- Paper plate ladybird.
- Paper plate snail.

Playdough Snails

You will need:

- Playdough
- Marbles

Use the dough to make a playdough snail body and use the marbles to make the shell.

Alternatively, you can roll a long thin sausage shape and roll your sausage into a spiral to make a snail.

Try mixing the colours of playdough or make a snail family!

Doubling Ladybird

Make a ladybird from a paper plate, draw a line down the middle of plate and then use buttons or paper to make different amounts of spots and doubling amounts.
