- Focus day - New Zealand
- East Ham library visit - Morocco

Monday 27th June to

Friday 1st July

Year 6 Isle of Wight selected pupils residential visit

Tuesday 28th June

- East Ham library visit - Italy

Wednesday 29th June

- East Ham library visit - Spain & Dominica PM

Thursday 30th June

- East Ham library visit - Poland

Friday 1st July

- East Ham library visit - Belgium
- Sports day - Nursery AM

Dear Parents and Carers,

This week has seen temperatures soar, with most of us welcoming the glorious summer sunshine. The hot weather puts smiles on our faces, tops up our vitamin D and allows us to enjoy playtime in the park; however, it can also pose a health and safety risk. To reduce this risk, in school we are opening up two classrooms for children who wish to come indoors to get out of the midday sun and we are encouraging the children to keep hydrated by drinking plenty of water. Please ensure your child comes to school well-protected, with sun hats, sunglasses and, most importantly, by applying sunscreen on their skin. If you have any concerns regarding your child's sun safety, please speak to your child's class teacher.

This week saw our children participate in the first sports day to a parent/carer audience in two years! It was a fantastic event which had children sprinting, jumping and tugging, all the while working collaboratively and being great teammates. It is wonderful to see competitiveness in both adults and children, and also to see the fantastic support, encouragement and fun being had at all stations. Thank you to all of the families who were able to attend and support the children and a massive thank you to Mr Gillingham, Mr Prevost and all of their helpers for making sure the day ran smoothly.

Mr Gillingham wanted to share a message: 'Thank you for such a fantastic day. The atmosphere was amazing with the parents and pupils really enjoying themselves. It is good to see the competitive spirit amongst the teachers in full force! Congratulations to the winners.'

The results are as follows:

Key Stage 2		
Year		Placing
3		
Namibia		1 st
Zimbabwe		2 nd
South Africa		3 rd
Ghana		4 th
4		
India		1 st
Tibet		2 nd

KS1 Overall Winner	Belgium	92pts

Have a wonderful weekend!

Ms Tracey Baillie
Acting Headteacher

Big Talk Home Learning

If children can't say it then children can't write it.

Dear All,

This weekend's BTHL 17th / 18th / 19th June

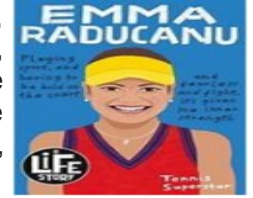

This Sunday is Fathers' Day. Spend some time discussing fathers and the people in our lives who are like a father to us.

What does it mean to be a father?

News from upper phase — Year 6

The SATs have now been and gone. All the hard work and effort from the children, parents and staff resulted in a successfully run SATs week. Despite the end of SATs, our year 6 children have continued their enthusiastic approach to learning. Over the last two weeks, we have focused on developing independent writing skills. The children will be writing a wide variety of fiction and non-fiction pieces this term, including commentaries, diary entries, letters and fact files.

Reading is an excellent resource for writing and the children have already engaged with books and other extracts to inspire creative thinking. Across the school this term, children will be delving into inference, a key skill for any book-lover, with children using this knowledge to express thoughts and opinions in more subtle way. You could do some shared writing with your child at home, asking them to check their grammar, spelling and punctuation using the fantastic resources in their reading record.

In mathematics, we will start by revising some of the key topics so that the children are prepared for their life in secondary school. Once we have covered this, we will be cracking codes, solving crimes and creating artistic masterpieces. The children will look at Ancient Greek mathematics, and will be solving fiercely complex murder mysteries through the medium of codes. In the final part of the term, we will be creating mathematical art inspired by Escher and Celtic knot-work. It will involve tessellations and the mesmerising whirls of curves of pursuit.

This term for science, the children will be doing an in-depth study of the Titanic, specifically how scientist and engineers were able to make the ship float and cross vast amounts of sea. They will be asked to look at a variety of forces that helped the Titanic manoeuvre across the ocean whilst also discussing the reason why it sunk. By the end of the term, the children should be able to use live models to demonstrate how the sinking of the Titanic could have been prevented.

The year 6 team and children raised exactly £1999 towards their trip to Chessington World of Adventures. On behalf of all the staff and children involved in fundraising, we would like to say a massive thank you to everyone who supported the event: making food, donating toys or purchasing items over the two days. We cannot help but wonder just how much candy floss the children at Brampton Primary School consumed... It really was a great success and the children loved the build-up and managing the event: we definitely have some future market traders and entrepreneurs in our current cohort. The children were incredibly excited about the trip and it turned out to be a great day out for everyone. Once again, thank you for your support.

Last week the year 6 team also led a trip to the World War 1 battlefields in France. While there, we visited the Thiepval and Vimy Ridge memorials (the latter is pictured below). The children were provided with an in-depth account of what took place during one of the deadliest battles in British history, while also doing their school proud by asking some questions that even managed to flummox our guides. Again, thank you to all the staff, children and parents involved.

Birthdays in Year 6

Zayyan Jawad, Angela & Brandon

Inclusion & other information

Resources for Autism
PARENT GROUP
Wednesdays from 15th June - 20th July

Autism support group for Black & Asian parents to learn, share and connect with other families.

A RANGE OF SPEAKERS ADDRESSING VARIOUS TOPICS

10.30am - 12.30pm

East Ham Town Hall 328 Barking Rd. London E6 2RP
vesna@resourcesforautism.org.uk 07891476369
or kenny@resourcesforautism.org.uk

Over 6 sessions we will help you understand your rights, what support is available, your child's autism and how to advocate for your child more effectively.

This will be an opportunity to explore what barriers you face and what would help you and your family get a better access to services and support.

These are some of the topics we will be covering:

Autism and family life

Understanding your rights

Managing Behaviours and Sensory Needs

Communication and Play

Working with schools

Joint Emergency Services **OPEN DAY**

Plaistow Fire Station
Saturday, 18 June 2022
12pm – 4pm
