Wednesday 20th July 2022

- YR6 Celebration Assembly
- School finishes for Summer

Summer Term

Last day in school-

Wednesday

20th July

Back to school

Monday 5th September

Have a great

Dear Parents and Carers,

This will be our final newsletter of this academic year; I cannot believe how quickly the year has gone! We have ended with some fantastic celebrations, which we were able to enjoy with a live audience once again.

Our youngest children in nursery and reception had a graduation ceremony to mark the end of their respective years and they looked incredible in their formal gowns and mortarboard caps.

A number of children, from Year 1 to Year 6, were selected for an award, which they received at Achievement

Evening. The children were resplendent in their finest when they stepped onto the stage to shake hands with leaders and governors.

Our Year 2 children ended the week with a fantastic end-of-year curriculum assembly performance, where they showcased their wider curriculum topics on the seaside in Victorian times and The Great Fire of London.

All of the events have been remarkable to watch and I have been so incredibly impressed by our children's behaviour, attitude and engagement throughout the year. Thank you to all who were able to attend the events.

On Monday and Tuesday of next week we are expecting temperatures to reach at least 37°C. We will be following Government guidance issued in relation to the increasing heat and have adapted the Local Authority risk assessment for hot conditions. All adults will monitor pupils closely over the course of the day and we will ensure we put in place additional measures to safeguard our children during the heatwave. We will continue to monitor the situation closely and, if additional measures need to be taken for pupils' safety, we will notify families. Please ensure your child is wearing sunscreen of at least factor 30 and encourage them to drink plenty of water. On these two days, we will not enforce a strict dress code. The Department of Health & Social Care advises the following: *children should wear loose, light-coloured clothing to help keep cool and sunhats with wide brims to avoid sunburn.* [Looking after children and those in early years settings during heatwaves: for teachers and professionals - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/looking-after-children-and-those-in-early-years-settings-during-heatwaves-for-teachers-and-professionals)

Next week, we will place all of our lost property outside on a table in the school playground for you to look through. The majority of the items are unnamed so we would encourage you to look through these items for anything your child might have lost. What remains unclaimed by the end of Wednesday will be recycled. Please help yourself to any items that you might find usable.

Our school governors kindly bought our team of staff some delicious treats to thank them for their hard work this year. The gesture was very much appreciated by all. A special thank you to our school governors for the delivery and for their commitment to our school.

It has truly been a pleasure to serve as acting headteacher this term, to have received so many positive messages from families in our community and I just wanted to take this opportunity to say thank you for your incredible kindness and support.

I look forward to seeing you all in September and wish everyone a wonderful, safe summer break.

Have a lovely weekend
Ms Tracey Baillie
Acting Headteacher

Big Talk Home Learning

If children can't say it then children can't write it.

Dear All,

This summer's BTHL

Everyone at Brampton Primary School hopes that you have a wonderful summer. When we are on holiday, it is important that we keep ourselves safe and healthy (for example: sun safety, knowing what to do if we get lost, not eating too much ice-cream etc.).

How are you going to keep yourself safe and healthy over this summer holiday?

News from mid phase — Year 4

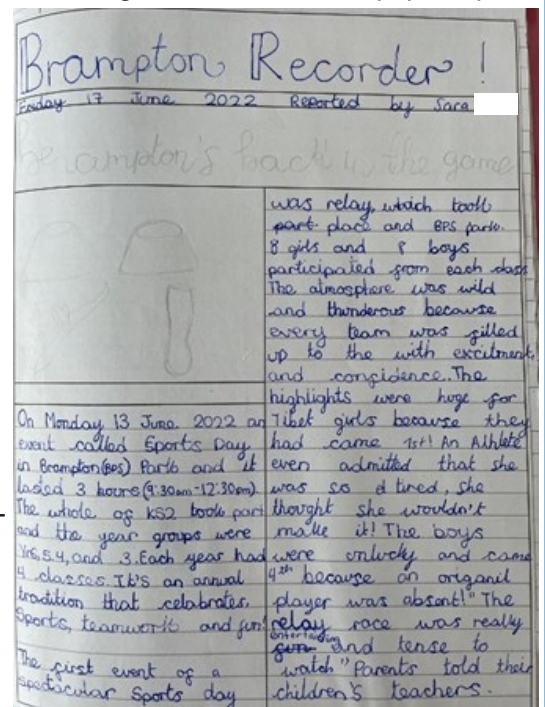

This term we have been learning about Kings and Queens. We researched and discussed the lives and achievements of several British monarchs such as Queen Elizabeth I and King Charles I. We explored our understanding of what makes a great leader and who has been England's most significant ruler. In RE, we have been learning all about weddings ceremonies in different religions and their unique traditions and rituals. Children have been able to discuss the purpose behind marriage and why people choose to get married.

This half term, the year 4 children worked incredibly hard and took part in the Multiplication Tables Check. We are very proud of the children's efforts and the results. In class, we have been learning about presenting concrete and continuous data in graphs. We have also spent time learning about position and movement. As we approach the end of the year, the children have also revised challenging topics such as fractions and decimals.

As part of the English topic which focused on following the rules and sports, the children became reporters. We made the most of sports day to record the different events throughout the morning and then write newspaper reports based on them.

Year 4 children have had the wonderful opportunity to visit the Science Museum this half term. They have been learning all about habitats and the impact living things have on them. All classes will be visiting the museum on Wednesday 13th July 2022. They will be able to explore the museum in groups and learn from the many interesting and interactive exhibitions available such as 'Our future planet' which focuses on the causes of climate change.

Birthdays in Year 4

Usman, Zainab, Tharanya & Faatiha

Inclusion & other information

For SEND young people aged up to 25

Free

GR8 DAY 2 PLAY

Saturday 16th July 12:00 – 18:00

**Newham Leisure Centre
281 Prince Regent Ln
E13 8SD**

GR8 Day 2 Play

Ever wondered what sports & leisure activities are on offer for SEND young people in Newham?

Come and try out some sports taster sessions such as Bollywood and Bhangra dance, indoor rowing, pilates, wheelchair basketball, Boccia, multi-sports, table tennis, & swimming.

There will also be information stalls about other services, opportunities to have your say about important issues that effect SEND young people in the borough, as well as a relaxation and sensory space.

YOU TH EMPOWERMENT

BSL Interpreters are available on the day

Newham London active newham

To help promote *Maths Week London*, pupils across the school held engaging and interesting discussions about the effects of the increase in the cost of living. It was really good to see so many children try to understand the concept of money, the impact it has on everyday life and listen to their suggestions on how to save.

Alongside these discussions and the *TTRS – London Rocks* competition, we organised a homework project. The range of entries (game-boards, timelines, posters, etc) we received were creative, engaging and informative. Thank you to all the children that participated. We were amazed with the hard work that had clearly been put in to them: the hardest job was actually to find an overall winner!

The winning entry (pictured) came from Adam Killington in Brazil class – well done. Honourable mentions go to Summer Hill in Chile class and Sadaf Mohebi in Australia class. Thank you to everyone who was involved in creating these projects.
